

Connectors & Sleeves

Addressing the needs of the food, pharmaceutical and chemical industry.

Helping you to achieve your output targets

Manufactured in the UK by DRM Industrial Fabrics Ltd.
Leaders in Textile Filtration

Flexible connectors and loading chutes are a common sight in any processing environment where powder, granulate, pellets or tablets are transferred.

They ease the transfer process by minimising loss of powder into the air and cushion the impact for granulate, pellets and tablets during transfer to ensure the product retains its shape.

EU and FDA

Available in yarns that contain only substances recognized as safe for use with foodstuffs

Stiffened areas and reinforcements for long life

Bellow Connectors

Shaped for your environment
